How to Sanction Your Players:

If you participate in the IAMOA State Dart Tournament, all of your league players (not just tournament players) must be sanctioned with the NDA and the IAMOA. To sanction your players:

1. Following NDA procedures to sanction all of your league players for the 2024-25 sanction year with the NDA. Visit www.NDAadarts.com for more information. It is not necessary to send a player list to IAMOA.
2. IAMOA will receive your sanction counts from NDA for the June 1, 2024 - May 31, 2025 sanction year on June 1, 2025 and will send an invoice for \$2 per NDA sanctioned player.
3. Payment is due 30 days after IAMOA sanction fees are invoiced.

Note: Some Operators prefer to send their \$2 per player to IAMOA throughout the year. If you choose to do this, please write the number of players and whether they are pool or dart sanctions on your check (i.e. a check for \$100 labeled "50 dart sanctions"). These payments will be credited to your account and applied to your sanction invoice on June 1, 2025. A final accounting will be sent to you at that time.

DART TOURNAMENT ELIGIBILITY & CLASSIFICATION

League & Sanction Requirement

- A. All players must be at least 18 years of age.
- B. All players must have a minimum of 96 games played in leagues for an IAMOA operator.
- C. Games must be played between January 1, 2024 and January 1, 2025 and obtained in no less than 10 separate weeks of play.
- D. All games must be played on operator owned equipment.
- E. All Doubles, Triples and Team members must meet league requirements through the same operator.
- F. All players must be sanctioned by the NDA and the IAMOA to participate in the tournament.

Classification

1. Players **must have a valid skill rating** or they will be classified at the highest level.
2. **All players must be entered with their highest known player-skill rating, from league, for the qualifying period.** This is the responsibility of the Operator. Accuracy of player abilities are dependent upon proper submission and documentation from the Operator. The highest known player-skill rating is determined by taking the highest player-skill (PPD/MPR) rating from a league season for the qualifying period of January 1, 2024—January 1, 2025 including the current league season (remember this must be a minimum of 24 games in no less than ten (10) weeks of league play in the same league season). All stats are based on darts thrown.

For example, Pete played in the following leagues for Acme Vending:

Spring 2024 starting Jan 1, 2024 ending May 15	PPD 24.50
Summer 2024 ending August 30	PPD 23.50
Fall 2024 ending December 15	PPD 25.50

The highest known player-skill rating for this player for tournament entry would be the 25.50 PPD from the Fall 2024 league. When providing player skills, the figure should be carried out two digits past the decimal.

3. **Players must have at least 24 games in a single season for the format they are entering.** All members of the team must meet this requirement. These games must be played over no less than four (4) separate weeks in a single league season and can be included in the total 96 games required for participation.

<u>Singles Combo</u>	Player must have at least 24 games of Cricket or play highest level.
<u>Doubles Combo</u>	Both players must have at least 24 games of Cricket or play highest level.
<u>Team and Triples</u>	Each player must have at least 24 games of Cricket or play highest level.

4. Player **ability assessment may be determined by the Tournament Committee** based on known ability, performance in other tournaments, previous year’s performance, and consideration for Ladies players.
5. **Players that placed 1st, 2nd or 3rd in the previous year’s tournament will be leveled one division higher than they played the previous year.** Performance of all team members will be considered and teams that do not have all of the original players may still be moved up at the discretion of the Tournament Committee.

DART TOURNAMENT ELIGIBILITY & CLASSIFICATION

Master Rating

Players with a skill rating of either a 30 PPD OR 3.4 MPR and above will be considered a Master-rated player in all events, both '01 and Cricket during the tournament.

NOTE: Open Master events have two divisions in Open Singles and Open Doubles only.

'01 Events:

- Any player with a 30 PPD or above will be considered a Master-rated player in all events.
- Master-rated players may be placed in the highest level for an event.
- In Doubles and Team events, Master-rated players will play no lower than Level 2.
- In Triples, Master-rated players will play no lower than Level 1. There will be a Master level based on the field.
- Two Master-rated players must play in the highest level for that event.

Cricket Events:

- Any player with a 3.4 MPR or above will be considered a Master-rated player in all events.
- Master-rated players may be placed in the highest level for an event.
- In Doubles, Triples and Team events, Master-rated players will play no lower than Level 2.
- Two Master-rated players must play in the highest level for that event.

Substitutes and Onsite Alternates

Substitutes: The four (4) highest skill ratings will be used when calculating a team skill. It is helpful to use players with similar skills as substitutes. **No players may be added to the tournament after the entry deadline. Only players entered in the tournament are eligible for substitution.**

Onsite Alternates: Only an Operator's league administrator can make player changes onsite. He or she must have stats and a copy of the entry form with them. No entries will be accepted at the tournament. Players must have equal or lesser stats to the person they are replacing to make the change. Masters players can only substitute in Masters events for Singles and Doubles and in the highest division in Mixed Doubles, Triples and Team events.

Dart Tournament Player Documentation:

The following documentation must be submitted to the IAMOA **DUE NO LATER THAN JANUARY 22, 2025**

- A. That each player entered has played the required 96 games.
- B. The highest known player-skill rating for each player entered.

Documentation must include league ending statistics for all seasons and leagues that occurred between January 1, 2024 and January 1, 2025, that include players you enter into the tournament.

Your documentation must be labeled IAMOA DART TOURNAMENT. All players entered into the tournament must be highlighted or starred (*) on your league ending statistics. If you are sending statistics via fax, players must be starred (*) because the highlight will not transfer by fax. Highlighting tournament players allows staff to quickly verify 96 games and skill ratings.

Submit documentation via mail, fax or email as soon as you enter players and skill ratings into the tournament.

DART TOURNAMENT ELIGIBILITY & CLASSIFICATION

Qualified Equipment

League locations can only have operator-owned dart machines that meet the definition of Qualifying Equipment as defined by the National Dart Association. Only league matches/ games played on electronic dart machines that correctly calculate Points Per Dart (PPD) and Marks Per Round (MPR) as outlined below are eligible for Tournament entry. The Tournament Committee reserves the right to require verification from any Charter Holder of equipment used for qualification.

Dart machines manufactured by the following companies are approved as qualifying equipment based on the specifications outlined above: Arachnid, Inc., Gaelco Darts S.L., NSM– Loewen Entertainment and Phoenix Dart.

If a software or hardware kit from a non-manufacturer sponsor is installed on a previously qualifying dart machine, the machine specifications of that equipment are no longer verifiable. Therefore, that equipment can no longer be used in league play to qualify players for the IAMOA tournament.
